

FLEETWOOD MAC - QUEEN - ELTON JOHN - THE WHO - LINDA  
RONSTADT - THE POLICE

Our tribute bands have been playing some of the biggest concert venues in Kansas City and the mid-west over the past 5 years, multiple times. The main reasons for this are that we deliver the quality & professionalism these type of venues want, plus we bring in good attendance numbers.

Most notably Landslide, our tribute to Fleetwood Mac; who has played at the [Sandstone Amphitheater](#) 3 times as of last summer.

Sandstone, (which keeps changing their name) is the largest outdoor concert venue in the Kansas City area, with a capacity of 18,000. They have been putting on 2 tribute shows each summer for the last 7 or 8 years. The reason they keep bringing in Landslide, is because we draw good numbers, & hold the crowd better than most. We were there for the biggest attended tribute show, of 15,000 people.

They have also had our Queen, & Police tributes play..... for 2017 they are asking for our Elton John.

And now looking at our newest tribute to The Who called Who's Next for future events.

Saucy Productions offers a unique live entertainment suit of Tribute Bands.

Using a core group of musicians we are able to offer a variety of tribute bands in one package.

If the venue requires multiple band performances, either a one day event, or multiple day events, we typically offer significant savings when compared to hiring separate bands. Each band may be hired separately or in any combination.

In addition to the tributes we can also use the core group as a variety band.

And if your event requires sound & lighting, Saucy Productions has their own sound and lighting company, and can be hired with, or without bands, for a separate fee; thus more savings to you.

Saucy Productions has attracted some of the finest musicians in Kansas City. With exceptional talent and work ethics, we have been able to sustain this quality group of professionals for 20 plus years. We average over 125 events per year, primarily in the US. We can gladly provide references if you wish.

We would like to be considered entertainment for your 2017 year. Please see our main website at: [www.saucyproductions.com](http://www.saucyproductions.com) You will find our current calendar, bios, available live video, audio, photos, and info for all bands.

You can also see our bands on Facebook.
